Notice: These are illustrated costs based on commonly used labels.

All labels were printed at a comparable quality level. Specifications are subject to change without notice.

All costs per label in this document include ink used for print head maintenance. Other printers may use some of their published ink capacity for print head maintenance but may not disclose this fact in the ink cost calculations. Comparing cost per ml of ink for one printer versus another is therefore not valid.

Substrate costs are not included.

LX4000e ink cost per label prices include the allocated LX4000e print head costs for 50,000 labels.
