The 057514 Vintage Textured Paper is the laser version of the ink jet Vintage material which features an unbleached liner as well water removable glue. As usual, samples can be obtained from sales, a sample book is available in limited qty's.

Graphitec 2013: „Coup de cœur“

Prior to the French graphic chain exhibition Graphitec the LP130e Laser Marking System from Primera Technology, a leading manufacturer of specialty printers, was selected by an expert jury to be one of twelve "Coup de cœur" new and innovative products. The committee made its choice among 49 products/equipment/services in six categories and Primera's LP130e will be also presented at the "Place des nouveautés" during the exhibition.

Besides LP130e Primera is also presenting its whole range of color label printers including Primera's best-selling CX1200e/FX1200e Digital Printing and Finishing System.

The Graphitec is taking place in Paris, Porte de Versailles, **June 11th to 14th**. Primera's booth is located at **4 C 006**.

Postponed: CX/FX User Label Contest

For sure you have heard of our label contest which we announced in March 2013 and which we planned to evaluate and select the winner at Graphitec show in Paris 2013.

If you haven't seen it yet, please have a look at:
<http://primeralabel.eu/mailings/label-contest/>

or in French:

<http://primeralabel.eu/mailings/label-contest/index-fr.html>

We've got already some really nice and also very clever designed labels from around Europe, but still not enough to hold the contest in Paris, so we will postpone the event to LabelExpo 2013.

Label Expo is held in September, so you have plenty more time to participate and get the chance to win one of the 10 prizes.

The **Primera stand at Label Expo is located in Hall 9, stand F50** and we hope for many new and exciting label submissions to give the jury a hard time.

DACH: 10% Promotion for comServio customers

Gestalten Sie Ihre eigenen Etiketten auf dem comServio Portal und überzeugen Sie sich von der hervorragenden Druckqualität des LX900e Etikettendruckers. Wir drucken 10 Etiketten für Sie kostenfrei einen Monat lang und bieten darüber hinaus 10% Rabatt beim Kauf eines Gerätes LX900e an.

Die Aktion läuft in Deutschland für einen Monat und startet am 1. Juni 2013. (Rabatt-Gutscheine werden bis 30. Juni ausgegeben)

SOS Children's Villages – Touching Experience

Residents and employees of the SOS village community Hohenroth look forward to a technological donation, which will greatly facilitate the sale of their organic products.

In the SOS village community Hohenroth, a Hofgut near Gemünden in Germany, 156 people live in shared apartments with intellectual disabilities. Organic products from Hohenroth are nationally known and popular. Therefore the residents are quite busy to meet the brisk demand. Emerged from a rather random fair contact a remarkable donations cooperation was born, which helps the children's village residents in labeling their goods. According to the motto "Action Instead Of Words". Primera Europe and partner One Point donated an LX900e colour label system to make the production much easier and the labels of the goods better looking.
