

# DTM Thermal Ribbon Stock

With DTM Print's foil imprinting systems, you can effortlessly add either shiny metallic accents, partial glossy clear elements or solid colours to pre-printed or blank labels. Thermal ribbons are available at a standard width of 110 mm. Some of them are available with 65 mm, 153 mm and 220 mm width with a ribbon length of 200 m. Choose from a wide range of durable thermal ribbons in wax and resin formulations, all designed for exceptional performance.

Explore all available colours and article numbers to find your ideal ribbon!
