

CX86e Packing Instructions

Please retain all packaging materials!

Before shipping, the product must be packed properly to avoid damage. Any damage due to improper packaging is not covered under warranty. Damages caused by improper packaging will be charged.

Prepare unit and accessories for shipping

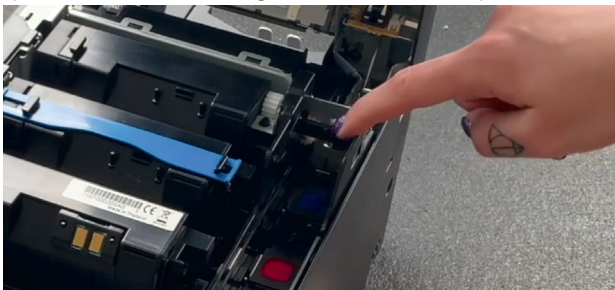

Preparing the unit:

To prepare your label printer for shipping, please remove the label roll.

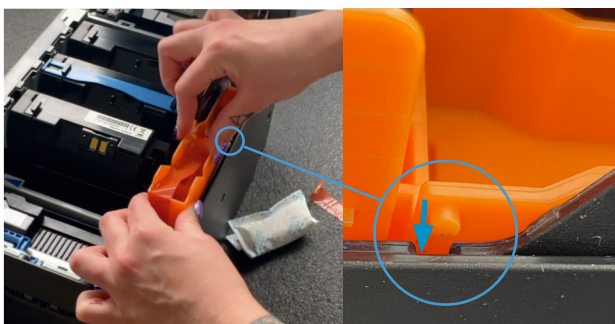

- Remove the toner.

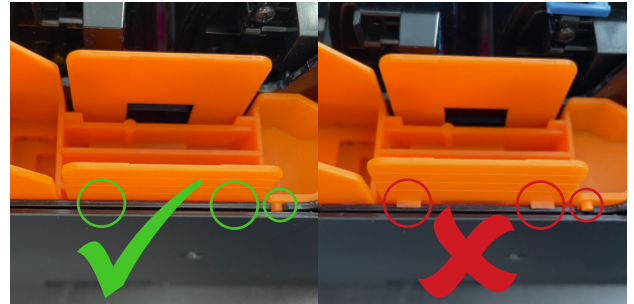

- Open the cover and bring the toner holder clip back.

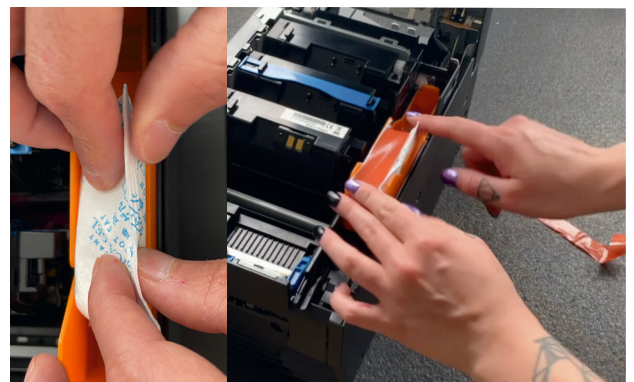

- Then place the toner cover. Make sure the round latch sits correctly in the notch.

- Make sure the latches are engaged correctly.

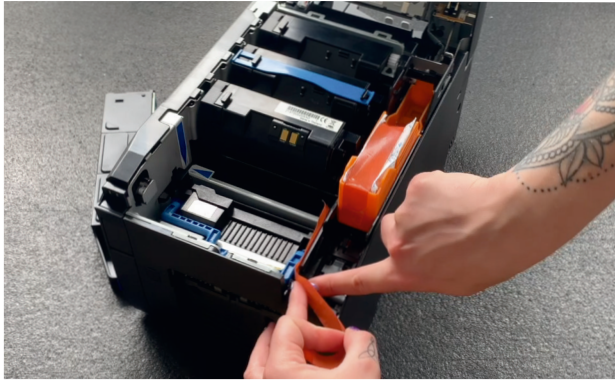

- Place the desiccant bag (if not available, use a foam or cardboard piece and fix it with the tape).

- Bring the holder clip back to the front.

- Tape the spring lock and close the printer cover.

- Put the printer in the protection bag.

- Use the original packaging for the best protection.

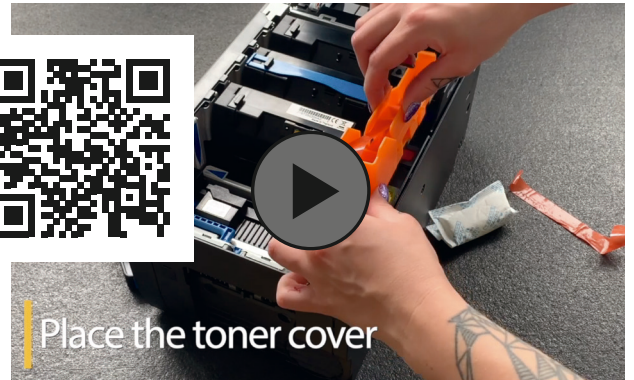

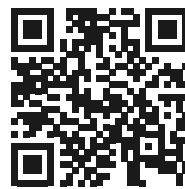

What about accessories?

For a quick handling please include all accessories (cables, power cords, power adapters, media (if the problem is related to it), print head carriage & cartridges) if available.

Any documents?

Please add the original failure description into the packaging. A printout of the email history should be included.
